God is doing great things!

Over the past three months, we have continued to minister in churches, primarily in rural areas, with a message focused on the empowerment of the Holy Spirit for effective witnessing and ministry. We have seen many come to Christ and baptized in the Holy Spirit. Praise the Lord!

During this academic semester, Miguel had the privilege of teaching two courses at two regional Bible School study centers. In October, we received the training needed to begin our work as directors of the national office of Global University in Costa Rica. Over 30 students have already been accepted and are ready to begin studying in 2011. Many more have expressed interest in continuing their biblical studies through Global.

We are encouraged by the renewed focus in the Assemblies of God in Costa Rica on Bible School training, evangelism and church planting. The new year brings a revitalized emphasis in these three strategic areas of ministry. We consider it a privilege to serve the national church in reaching the lost and helping raise a new generation of ministers of the Gospel.

Since our arrival, an average of 92% of our budget is received each month. If you have not yet done so, please partner with us beginning in 2011. We are in Costa Rica fulfilling God's call through the continuous prayers and faithful financial support of churches and friends. **Thank you so much for partnering with us!**
