

Morales Memo

February 2016

We are so thankful for this amazing journey. We are humbled by the opportunities God has given us to serve so many people. Here are some updates and expectations for the new year:

Bible Schools

We ended last year with 71 pastors enrolled in the newly launched Bible School in the Ngöbe indigenous community. We direct the Bible School with multiple study centers in remote areas that otherwise would not have access to ministry training. We are anticipating enrollment to exceed 100 pastors and leaders when classes resume in March.

We are continually developing creative and innovative methods of equipping workers. Just days ago, we started a new study group for Bible School graduates, mostly pastors and professors, that are working towards a Bachelor's degree through Global University. This year, a new Bible School will offer Youth Ministry and University Ministry training programs to young ministers ages 17 to 27. Also, we desperately need to bring Bible training to pastors and leaders among the Kuna and Emberá indigenous communities.

Latin America Resource and Training Center

Last year, we were in six countries where about 700 leaders and professors received training seminars and workshops. This year, we anticipate over 900 participants from across Latin America in the Bible School Leaders Summits in Panama and Bolivia.

We are excited to see God move and touch lives in this new year, but **we need your help today!** We need cash to see these ministries continue to thrive. Take a few minutes and ask the Lord what He would have you do. **Please consider helping in a tangible and financial way by sending a one-time offering of \$50, \$100, or even \$250.**

If you would like to learn more about these or other opportunities, please call us. We would love to talk to you. **Thank you so very much.**
