January 2014

Hello friends,

We enter a new year with thanksgiving, hope and expectation. Many of our friends have recently responded to our need during our 30-30-30- Campaign. **Thanks to all of you who have already partnered with us, about 90% of our monthly budget and 45% of our cash budget has been raised.** Praise the Lord! Yet, we still need to raise the remaining balances of our budget as soon as possible. We are excited about returning to the mission field, but it is only possible through you. Your prayer and financial support are essential in enabling us to continue reaching the lost, making disciples and training workers.

The Priority of Training

In recent years, there has been a great move of God throughout Latin America. He is touching hearts and calling men and women to minister to the needs of children, women, university students, indigenous people groups and those suffering from human trafficking. The Lord of the harvest is even calling Latin Americans to serve abroad and reach the unreached around the world. As a result, Assemblies of God leaders in Latin America are placing an emphasis on Bible training and the equipping of workers to meet these needs in obedience to the Great Commission.

Upon our return to the mission field, we will continue partnering with Assemblies of God Bible Schools, teaching and training new workers in Panama and throughout Spanish-speaking Latin America. Also, we desire to help local churches in Panama make disciples for Jesus.
