October 2012

Hello friends,

We are excited to share with you some of the wonderful things that are happening in our lives and ministry.

Time of transition

We are quickly approaching the end of our first term. We head back to the U.S. to start itineration in January 2013. We are so thankful for the amazing journey of the past three years. We are humbled by the opportunities God has given us to serve so many people. Please pray for our family during this time of change – saying goodbyes, relocating, and readjusting to life in the U.S.

New beginnings

We want you to know about an important decision we have made regarding our future missionary service. We feel the Lord is opening a door of opportunity for our next term. *After much prayer and with peace in our hearts, we have accepted an invitation to serve as missionaries to Panama.*

We are sad to leave Costa Rica, as the Lord has placed in our hearts a love for the country and its beautiful people. Yet, we are encouraged and excited to know that the Lord is moving us to be a part of ministry that is so dear to us.

In Panama

We will be working alongside missionaries Rod and Sherry Boyd, serving the Bible Schools throughout Latin America as part of the Resource and Advisory Center, equipping educators and providing resources.

We will be serving as Latin America Regional Directors for Global University, supervising, promoting, and coordinating evangelism, discipleship, leadership and ministerial training through national offices.

We will continue teaching in Bible Schools throughout Panama, training and mentoring a new generation of ministers, and will continue our indigenous outreach, discipleship, and training in remote areas of Panama.

Itineration 2013

We are excited about what is happening on the mission field and want to share this with you and your congregation. Please take a few minutes and complete the enclosed form, providing three possible dates in 2013 when you could have us come and share. Thank you so very much!

Together, we are making a difference in the lives of so many people throughout Costa Rica (soon Panama) and Latin America.
